

# TEACHERS

## INSPIRE, REWARD AND EMPOWER US.

**Congratulations to the Tillamook School District for returning the favor.**

At the Chalkboard Project, we believe that everyone in the education profession deserves great opportunities for growth – and great rewards for performance. That's why we developed CLASS – Creative Leadership Achieves Student Success. CLASS is designed to inspire, reward and empower educators. It provides new opportunities to learn and grow. And it rewards excellence.

The Tillamook School District is one of the first districts in the state to participate in this pilot program. By giving educators the power to be their best, their work could change the teaching profession as we know it. Leading to better schools. And a better future for Oregon. So thanks, Tillamook, for stepping to the head of the CLASS.
