THESE LEADERS JUST MADE THE HONOR ROLL.

School may be out, but it's time for one more report card. Thanks to Senate Majority Leader Richard Devlin, Ways and Means Education Subcommittee Co-chair Representative Betty Komp and their colleagues, the 2009 Oregon Legislature made progress on quality teaching. Thousands of Oregon students will benefit from educators supported by teacher mentors, as well as more relevant and accessible professional development.

Chalkboard thanks the Oregon Education Association and Stand for Children for their partnership. And we salute these legislators for their outstanding commitment to higher achievement for Oregon's K-12 students.
